

Grants by Grant Cycle

Grants matching your search for 2013-14 *Local Government Waste Tire Enforcement Grants (TEA21)*

Alameda County

Grantee: Alameda County

Amount Awarded: \$345,000.00

Grantee Contact: Ms. Susan Hugo

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Grant funds will be utilized to implement the Waste Tire Inspection Program in Alameda County. The inspection program will be implemented by all Alameda County CUPA staff equating to approximately two full-time staff conducting inspections, follow-up complaints, provide educational outreach to facilities, and manage the program, including periodic reporting to CalRecycle.

Grantee: City of Berkeley

Amount Awarded: \$144,000.00

Grantee Contact: Mr Manuel Ramirez

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Division of Environmental Health seeks to establish and maintain a community-wide expectation of compliance with regulations and best management practices among waste tire generators. The grant funds will be use to identify, educate and inspect businesses involved in the collection, generating, transporting, and disposal of waste and used tires to determine compliance with all tire standards; including permit requirements, tire storage standards, and hauler registration and manifest system standards. Funds will also be used for educational outreach and responding to waste tire complaints.

Total Awarded for County:\$489,000.00

Butte County

Grantee: Butte County

Amount Awarded: \$44,681.00

Grantee Contact: Mr. Scott Johnson

CalRecycle Grant manager: Phanessa Fong

Project Summary: Local Government Waste Tire Inspection and Enforcement

Total Awarded for County:\$44,681.00

Calaveras County

Grantee: Calaveras County

Amount Awarded: \$63,071.00

Grantee Contact: Mr. Paul Eades

CalRecycle Grant manager: Phanessa Fong

Project Summary: The enclosed grant budget outlines our enforcement needs that will allow for the continued implementation of an effective enforcement program within Calaveras County. Many of our generators require assistance throughout the year with manifesting, storage requirements and general questions which requires additional travel time. Five of our generators are located in the higher elevations (snow areas), which typically require additional travel time to maintain safety. It must be noted that this not only increases inspection but surveillance time as well. Many of our routine surveillance areas are more than 1½ hours away from the office.

It is vital to our enforcement program to have the necessary funds available to continue an aggressive surveillance and educational campaign. Many of our surveillance areas are only accessible during the dryer months, while others warrant one visit per year as they are so remote. We typically see higher rates of illegal dumping in the cooler months in the more remote areas. This may be due in part to firewood cutting, camping activities and the production of illegal narcotics. It is imperative to our Waste Tire Program to have the necessary funds available to perform the above mentioned rural surveillance activities in addition to performing routine inspections..

Total Awarded for County:\$63,071.00

Contra Costa County

Grantee: City of Pittsburg

Amount Awarded: \$17,500.00

Grantee Contact: Ms. Laura Wright

CalRecycle Grant manager: Phanessa Fong

Project Summary: The City has some major and independent tire operations within the City that store and dispose of waste tires. Most of these types of businesses are operating within the guidelines of the state regulations. However, it will be the smaller operations and illegal businesses that will not be aware of these regulation and guidelines and will require investigation and enforcement activities such as our towing operations and auto body shops. The present auto-dismantlers have been compliant but still need monitoring.

Other legal and illegal locations within the City need to be investigated and generators educated on their responsibilities for complying with state and possible local regulations such as towing operations, auto body shops, and heavy equipment and trucking operations. Training of the City's Code Enforcement Bureau and the Police Department will provide added focus and awareness of waste tire regulations in day to day operations and will identify additional problems to be investigated at homes, auto body shops, heavy equipment /diesel trucking yards and with vehicles transporting waste tires.

The objective of the Local Enforcement Agency and Code Enforcement Bureau will be to maintain and increase its inspection, surveillance and compliance program that will:

- ? Identify and investigate existing and new sites where waste tires have been illegally dumped;
- ? Initiate inspections of tire dealers, auto-dismantlers, and waste tire facilities; conduct investigations of targeted sites to include automotive repair, auto body, towing operations, heavy equipment and illegal dumping sites;
- ? Initiate enforcement action against facilities that are in non-compliance by issuing Letter of Violation (LOV) and requiring a Corrective Action Plan (CAP);
- ? Initiate a model to abate non-conforming properties on a local level where applicable and reduce the opportunity for residential and commercial properties to be utilized as illegal storage areas;
- ? Complete Waste Tire Facilities Surveys and document and confirm that generators are using authorized waste tire haulers, properly maintaining Tire Manifests, and complying with the requirements under the Waste Tire regulations;
- ? Follow-up with Patrol Bureau in the Police Department regarding initiated action and investigations of unlawful disposal and waste tire haulers;
- ? Pursue abatement and cleanup of violators and or property owners;
- ? Educate waste tire generators and residents within our jurisdiction of their responsibilities to comply with applicable laws as well as continual training of Officers on waste tire regulations, Vehicle Code, and Penal Code;
- ? Submit required reporting.

These tires are public nuisances as well as a health and safety problem not only for fire, rodent, and mosquito issues but threaten wildlife and habitat destruction in our wetlands and creeks within the City with the illegal dumping of waste tires.

Grantee: Contra Costa County

Amount Awarded: \$220,628.00

Grantee Contact: Timothy Kraus

CalRecycle Grant manager: Phanessa Fong

Project Summary: Funds will be used to conduct inspections and surveillance to ensure compliance with waste tire laws and regulations.

Total Awarded for County:\$238,128.00

El Dorado County

Grantee: El Dorado County

Amount Awarded: \$52,483.00

Grantee Contact: Greg Stanton

CalRecycle Grant manager: Phanessa Fong

Project Summary: El Dorado County Environmental Management respectfully requests TEA 21 grant funding to continue to implement a used tire inspection and enforcement program. There are currently 133 facilities with Tire Program Identification numbers (TPIDs) in El Dorado County. The majority of the requested funds will be used to conduct routine facility compliance inspections. The remainder of the requested funds will be used for inspector training, attending TEA roundtables, facility education, equipment, transportation expenses, and administrative time related to the program.

Total Awarded for County:\$52,483.00

Fresno County

Grantee: City of Fresno

Amount Awarded: \$300,000.00

Grantee Contact: Mrs Ana Manzula

CalRecycle Grant manager: Phanessa Fong

Project Summary: Grant will be used for continued inspection and enforcement of waste tire generators, waste tire haulers, and waste tire end-use facilities in accordance with CalRecycle regulations for the disposal and storage of waste/used tires. Inspections will be conducted at businesses currently registered with CalRecycle for the disposal and storage of waste/used tires. Educational visits will be conducted on new businesses generating, storing, and disposing of waste/used tires. Surveillance will be conducted as needed when illegal dumping of waste tires is suspected by a generator, hauler, and end-use facility. This program has aided the City of Fresno in the removal of waste tires and blight caused by illegal dumping and storage of waste tires.

Grantee: Fresno County

Amount Awarded: \$300,000.00

Grantee Contact: Adan Ortiz

CalRecycle Grant manager: Phanessa Fong

Project Summary: The goal of the Waste Tire Program is to promote compliance with State and local regulations as it pertains to the collection, handling, storage and disposal of waste tires in an effort to protect the air, water, and land from pollution and to ensure public health and safety.

The Fresno County Department of Public Health, Environmental Health Division, proposes to utilize FY 2013-14 Waste Tire Grant funds for staffing, training and equipment needs associated with continuing the County's Enforcement Program Plan.

Total Awarded for County:\$600,000.00

Glenn County

Grantee: Glenn County

Amount Awarded: \$29,000.00

Grantee Contact: Mr. Kevin Backus

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Waste Tire Enforcement Grant will be utilized to directly support the Glenn County Local Enforcement Agency in inspecting/monitoring waste tire facilities and conducting other waste tire enforcement activities. Expenditures will be divided between inspections, enforcement, outreach, training, management, equipment, supplies and transportation.

Total Awarded for County:\$29,000.00

Imperial County

Grantee: Imperial County

Amount Awarded: \$111,523.00

Grantee Contact: Mr. Lars Seifert

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Imperial County LEA intends to utilize the requested Tire Enforcement Grant funds to continue a comprehensive education and enforcement program to ensure that registered waste tire haulers are utilized for the transport of used or waste tires; that waste tire generators comply with disposal manifesting, permitting, and waste tire storage standards as applicable; and that illegal dumping of waste tires is prevented. The objective of the tire enforcement agency program is to conduct compliance inspections to eliminate potential public health and safety risks associated with improperly managed waste tires within Imperial County.

Total Awarded for County:\$111,523.00

Kern County

Grantee: City of Bakersfield

Amount Awarded: \$60,000.00

Grantee Contact: Mrs.Melanie Dunwoody

CalRecycle Grant manager: Phanessa Fong

Project Summary: WTE 21 Inspection and Surveillance of businesses which generate waste tires.

Grantee: Kern County

Amount Awarded: \$300,000.00

Grantee Contact: Doyle Sprick

CalRecycle Grant manager: Phanessa Fong

Project Summary: Kern County has a large agricultural area from fields, orchards, to farms and ranches. Historically these rich and fertile grounds have been soiled by illegal dumping of tires and other trash, junk and debris. After 4 plus years of Code and Tire enforcement, local farmers and ranchers are reporting the Waste Tire Program is a success and they are dealing with less dumped tires on their valuable lands. Funds for this program is important to the continued success of the Waste Tire Program. This grant helps the ability to find and investigate new waste tire generators and haulers that maybe operating illegally.

Total Awarded for County:\$360,000.00

Lake County

Grantee: Lake County

Amount Awarded: \$39,554.00

Grantee Contact: Raymond Ruminski

CalRecycle Grant manager: Phanessa Fong

Project Summary: The County of Lake's Environmental Health Division's Waste Tire Program serves to protect the public health from mosquito infestations; maintain a safe environment via regular surveillance; and, if possible, removal of tires from creeks, waterways and the general countryside, We will continue routine annual inspections of at least 70 active TPID sites, as well as any that are "inactive" or are "new" in the county. These routine inspections are meant to insure that waste tires are being stored and handled appropriately to prevent waste tire-fueled fires as well as mosquito control.

Total Awarded for County:\$39,554.00

Los Angeles County

Grantee: City of Lancaster

Amount Awarded: \$104,710.00

Grantee Contact: Ms. Lisa Agarpao

CalRecycle Grant manager: Phanessa Fong

Project Summary: The City of Lancaster wishes to obtain TEA21 Grant Cycle funds to perform enforcement of the requirements for disposal and storage of waste tires within the City of Lancaster. Funding will enable the City to take responsibility for the identification, investigation and enforcement of waste tire generators, haulers and facilities.

Grantee: City of Los Angeles

Amount Awarded: \$76,138.00

Grantee Contact: Mr. Jerry Weir

CalRecycle Grant manager: Phanessa Fong

Project Summary: We will use the grant to inspect our over 1600 Waste Tire Facilities for compliance with all the rules and regulations regarding waste tires. Since starting with the Local Government Waste Tire Enforcement Grant program we have seen a decrease in the number of large illegal waste tire dumps. Unregistered waste tire haulers are also a priority for this cycle since we have seen an increase in generators that appear to be doing their own hauling without being registered.

Grantee: Los Angeles County

Amount Awarded: \$550,000.00

Grantee Contact: Mr. Eric Morofuji

CalRecycle Grant manager: Phanessa Fong

Project Summary: Grant Funds will be used for personnel and equipment costs to inspect and enforce the State's Minimum Standards for handling, storage, and disposal of waste and used tires in the County of Los Angeles.

Total Awarded for County:\$730,848.00

Madera County

Grantee: City of Madera

Amount Awarded: \$18,338.00

Grantee Contact: Viola Rodriguez

CalRecycle Grant manager: Phanessa Fong

Project Summary: The grant funds will be used to supplement the cost of two employees to inspect waste tire generating businesses to ensure proper handling and storage of waste tires, and adherence to hauling and manifesting requirements. The employees will research, identify and survey areas in the city limits where illegal dumping of waste tires has occurred. The employees will pursue enforcement action in those cases of persistent non-compliance and when illegal waste tire activities are identified. The employees will conduct ongoing education to the waste tire business community.

Grantee: Madera County

Amount Awarded: \$250,000.00

Grantee Contact: Eric Yancy

CalRecycle Grant manager: Phanessa Fong

Project Summary: Perform waste tire inspections to ensure compliance with all applicable laws and regulations, including the manifest system. Inspections will be followed up with appropriate compliance actions to ensure that operators are complying with all waste tire regulations. Also investigate and conduct surveillance for illegal tire disposal activities within our jurisdiction.

Total Awarded for County:\$268,338.00

Marin County

Grantee: Marin County

Amount Awarded: \$63,000.00

Grantee Contact: Mr. Mark Janofsky

CalRecycle Grant manager: Phanessa Fong

Project Summary: The requested funds, if awarded, will be used to inspect and regulate waste tire generators and haulers in Marin County. It will also be used to respond to referrals and requests for enforcement from CalRecycle, as well as queries from the public or other public agencies.

No other jurisdictions within Marin County receive funds from or participate in the Waste Tire Enforcement Program, so there are no other enforcement efforts to augment.

Total Awarded for County:\$63,000.00

Mendocino County

Grantee: Mendocino County

Amount Awarded: \$34,000.00

Grantee Contact: Mr. Trey Strickland

CalRecycle Grant manager: Phanessa Fong

Project Summary: CalRecycle Waste Tire Enforcement Grant funds will be used to implement the waste tire program locally in Mendocino County and provide oversight to the businesses in our County handling waste tires.

Total Awarded for County:\$34,000.00

Merced County

Grantee: Merced County

Amount Awarded: \$120,000.00

Grantee Contact: Mr Ron Rowe

CalRecycle Grant manager: Phanessa Fong

Project Summary: Local Government Waste Tire Enforcement, Cycle 21 for Merced County

Total Awarded for County:\$120,000.00

Monterey County

Grantee: Monterey County

Amount Awarded: \$134,892.00

Grantee Contact: Teresa Rios

CalRecycle Grant manager: Phanessa Fong

Project Summary: Grant monies will be used to fund the existing Waste Tire Enforcement Program, which includes conducting routine waste tire inspections, surveillance and enforcement, community education, attending round table events and other training required by Cal Recycle, and to purchase equipment and supplies needed to conduct the program activities.

Total Awarded for County:\$134,892.00

Napa County

Grantee: Napa County

Amount Awarded: \$88,000.00

Grantee Contact: Greg Pirie

CalRecycle Grant manager: Phanessa Fong

Project Summary: Investigate illegal tire disposal activities and perform waste tire inspections to ensure compliance with all applicable laws and regulations.

Total Awarded for County:\$88,000.00

Nevada County

Grantee: Nevada County

Amount Awarded: \$83,000.00

Grantee Contact: Grant Eisen

CalRecycle Grant manager: Phanessa Fong

Project Summary: The grantee will continue to maintain waste tire enforcement activities for this jurisdiction. These, activities, include, but are not limited to, inspection of inventoried sites, identification of business that need to be on the TPID inventory, surveillance for illegal disposal sites and unregistered haulers, and compliance through education and if necessary, enforcement.

Total Awarded for County:\$83,000.00

Orange County

Grantee: Orange County

Amount Awarded: \$379,994.00

Grantee Contact: Terry Carrier

CalRecycle Grant manager: Phanessa Fong

Project Summary: Orange County will use these grant funds to investigate illegal tire disposal activities and perform waste tire inspections to ensure compliance with all applicable laws and regulations. Funds will also be used for community and industry education, staff training and administration of the grant.

Total Awarded for County:\$379,994.00

Placer County

Grantee: Placer County

Amount Awarded: \$254,497.00

Grantee Contact: William Kirschman

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Waste Tire Enforcement Grant will allow Environmental Health to perform waste tire inspections, identify un-permitted waste tire activities and provide enforcement for illegally dumped tires within Placer county.

Total Awarded for County:\$254,497.00

Riverside County

Grantee: Riverside County

Amount Awarded: \$600,000.00

Grantee Contact: Manuel Acueto

CalRecycle Grant manager: Phanessa Fong

Project Summary: Reimbursement of employees hourly pay and benefits for the time spent conducting inspection of behalf of Cal recycle.

Training will be provided to assure County employees are kept up to date with new requirements of the State. Staff will also attend safety training of perishable skills.

Equipment requested will be utilized to assure the employee is well prepared when conducting inspections.

Total Awarded for County:\$600,000.00

Sacramento County

Grantee: Sacramento County

Amount Awarded: \$361,403.00

Grantee Contact: Jeff Czapla

CalRecycle Grant manager: Phanessa Fong

Project Summary: Funds will be used for inspection of waste tire generators and haulers, surveying for new waste tire generating businesses, investigating illegal dumping and hauling complaints, and provided education to public and businesses. Funds will also be used for additional staff training and to prepare reports and other forms that will be submitted to CalRecycle.

Total Awarded for County:\$361,403.00

San Bernardino County

Grantee: City of Adelanto

Amount Awarded: \$25,000.00

Grantee Contact: Gladys Cruz

CalRecycle Grant manager: Phanessa Fong

Project Summary: Tire inspection and enforcement conducted by our Code Compliance department.

Grantee: City of Victorville

Amount Awarded: \$65,643.00

Grantee Contact: Jorge Duran

CalRecycle Grant manager: Phanessa Fong

Project Summary: The City of Victorville is located in the Mojave Desert area approximately 1 hour from the heavily populated Los Angeles, Orange County, Inland Empire and 2 hours from the growing Las Vegas areas. The City is surrounded by a vast amount of desert land and has three major highways that intersect within the City (I-15 Freeway, CA Highway 18/138, and US highway 395). Due to the surrounding geography, the City experiences a large amount of illegal dumping activity which includes illegally dumped tire piles of both general passenger and commercial type tires. The City is still growing and currently has 108 waste tire related businesses (identified via WTMS as active businesses). In addition to the active businesses, the City has 8 inactive sites that are checked periodically to ascertain status. The City has and will use waste tire enforcement grant funds to establish a presence in our City and partner with the State to regulate the waste tire disposal process and minimize illegal dumping through surveillance, enforcement, and administrative actions. Funds will also aid our assigned staff to provide them with office and small field supplies/equipment to carryout grant inspection, surveillance, and education tasks. Our primary goal when utilizing grant funds is to inspect all waste tire generators and haulers within the grant period. Additionally, we will partner with the businesses, ensuring that all waste tires are manifested utilizing the forms provided by Cal-Recycle and encouraging them to report those who illegally dispose of tires. In administering the grant, the City of Victorville will prioritize its activities to mirror those established in the grant terms/conditions and procedures: inspection, waste tire manifest compliance, identifying illegal disposal activities, education, and awareness.

Total Awarded for County:\$90,643.00

San Diego County

Grantee: City of San Diego

Amount Awarded: \$203,500.00

Grantee Contact: Daron Warkentin

CalRecycle Grant manager: Phanessa Fong

Project Summary: The City of San Diego Regional Waste Tire program will be using grant funds to continue implementing inspections, enforcement, and education to over 1,000 active waste tire generating businesses. In 2007 the City began inviting neighboring cities to participate in the grant program in order to achieve better regional compliance. Today the City is collaborating with four neighboring cities (participating collaborative jurisdictions).

Grantee: San Diego County

Amount Awarded: \$192,665.00

Grantee Contact: KariLyn Merlos

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Tire Enforcement Agency is a program of the Solid Waste Local Enforcement Agency (LEA) for the purpose of protecting public health, safety and the wellbeing of our communities and our environment from the impacts of improper waste tire management/recycling and disposal by:

- Conducting careful and thorough inspections of permitted waste tire facilities, haulers and generators to ensure the proper management, handling and disposal of their waste tires;
- Providing education to current operators and potential new waste tire operators on waste tire laws and regulations, prevention of mosquito breeding and West Nile Virus issues, rat breeding, and other public health, safety and environmental issues;
- Assisting CalRecycle, as needed, in taking appropriate and effective enforcement;
- Ensuring quick and thorough investigations of complaints;
- Providing expert and timely review of documents;
- Efficiently managing grant monies awarded by CalRecycle;
- Participating in all mandatory trainings, roundtables and events;
- Enhancing skills and knowledge by participating in CalRecycle, CalEPA and industry training opportunities and other grant related activities as directed by CalRecycle staff.

Total Awarded for County:\$396,165.00

San Joaquin County

Grantee: San Joaquin County

Amount Awarded: \$220,000.00

Grantee Contact: Michael Kith

CalRecycle Grant manager: Phanessa Fong

Project Summary: The goal of the San Joaquin County Environmental Health Department Waste Tire Program is to protect public health, safety and environment with regard to waste tire facilities within its jurisdiction.

The San Joaquin County Environmental Health Department intends to use the TEA21 grant fund for all expenses associating with performing inspection of the waste tire facilities, investigating illegal dumping of waste tires in San Joaquin County, staff training, and administrative costs.

Total Awarded for County:\$220,000.00

San Luis Obispo County

Grantee: San Luis Obispo County

Amount Awarded: \$39,567.00

Grantee Contact: Mr. Richard Lichtenfels

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Waste Tire Enforcement Grant funding will support San Luis Obispo County's continuing efforts to enforce CalRecycle's waste tire regulations, and allow the County to educate businesses and the public on how to handle waste tires in a safe and responsible manner.

Total Awarded for County:\$39,567.00

San Mateo County

Grantee: San Mateo County

Amount Awarded: \$82,000.00

Grantee Contact: Marjorie Terrell

CalRecycle Grant manager: Phanessa Fong

Project Summary: Grant funds will be used to support San Mateo County Environmental Health's activities to ensure all used and waste tires generated or stored within the County are properly disposed.

Total Awarded for County:\$82,000.00

Santa Barbara County

Grantee: Santa Barbara County

Amount Awarded: \$35,391.00

Grantee Contact: Mr. Lawrence Fay

CalRecycle Grant manager: Phanessa Fong

Project Summary: Grant funds will be used for salaries of staff working in the Waste Tire Program, to purchase equipment/supplies need by staff to fulfill their responsibilities and to attend mandatory meetings and training.

Total Awarded for County:\$35,391.00

Santa Clara County

Grantee: City of Sunnyvale

Amount Awarded: \$32,000.00

Grantee Contact: Ms. Lynne Kilpatrick

CalRecycle Grant manager: Phanessa Fong

Project Summary: Grant funds will be used to inspect at least 80% of active tire generators and 100% of tire haulers for manifesting requirements and 100% of permitted tire businesses (greater than 500 tires) for compliance with waste tire storage, disposal and permit standards, terms and conditions during this grant cycle. Additionally, inspections at other tire business, not described above, will be conducted as required.

Grantee: Santa Clara County

Amount Awarded: \$405,000.00

Grantee Contact: Mr. Chris Rummel

CalRecycle Grant manager: Phanessa Fong

Project Summary: The goal of the County of Santa Clara Department of Environmental Health (DEH) is to protect public health, safety, and the environment in regard to proper storage, transport and use of waste tires within our jurisdiction.

The County of Santa Clara DEH intends to use FY 2013 / 2014 TEA grant funds for activities directly related to inspection and administration costs for waste tire inspections as outlined in the grant procedures and requirements, and grant application guidelines and ongoing grant guidance from Calrecycle regarding waste and used tire activities.

Michael Balliet
Hazardous Materials Program Manager

Total Awarded for County:\$437,000.00

Solano County

Grantee: Solano County

Amount Awarded: \$191,000.00

Grantee Contact: Jagjinder Sahota

CalRecycle Grant manager: Phanessa Fong

Project Summary: The regulation of waste tire generation and disposal throughout unincorporated and incorporated Solano County.

Total Awarded for County:\$191,000.00

Sonoma County

Grantee: Sonoma County

Amount Awarded: \$272,718.00

Grantee Contact: Christine Sosko

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Waste Tire Enforcement Grant funding will be used for the enforcement, inspection and permitting of waste tire facilities and the movement and storage of waste tires within Sonoma County.

Sonoma County currently has 414 waste tire facilities with one facility being greater than 500 tires and participates in multi-agency task force meetings to oversee the enforcement of waste tire regulations throughout the County.

Total Awarded for County:\$272,718.00

Stanislaus County

Grantee: City of Modesto

Amount Awarded: \$40,000.00

Grantee Contact: Karin Rodriguez

CalRecycle Grant manager: Phanessa Fong

Project Summary: The City of Modesto is requesting TEA 21 grant funding to continue the success of previous grant cycles. The City of Modesto has approximately 70-90 tire operations and this grant funding will ensure that those facilities stay in compliance with all waste tire regulations. If awarded these funds, the City of Modesto will inspect all waste tire businesses within the city limits of Modesto for compliance with waste tire permitting, hauling, storage, disposal laws and regulations, and submit all inspection forms to CalRecycle for review. Midyear and final reports will be completed and submitted in a timely manner. We will educate the tire businesses and conduct enforcement through field patrols and also follow up on all complaints and referrals where tires have been illegally dumped. City enforcement staff will attend all mandatory and some non-mandatory training to keep informed and updated on all tire laws and regulations.

Grantee: Stanislaus County

Amount Awarded: \$130,000.00

Grantee Contact: Janice McClendon

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Waste Tire Enforcement Grant program allows Stanislaus County to administer a comprehensive waste tire enforcement program which includes the following elements: identification, documentation, education, and inspection of businesses involved in the generation, collection, transportation, and disposal of waste tires.

Currently there are over 380 waste tire businesses in Stanislaus County and in the participating cities. The grant allows inspections of each of these tire facilities, tire dealers, auto dismantlers, tire haulers, and other waste tire generators. The local enforcement of the waste tire regulations will emphasize the importance of generators, haulers, and end-user businesses.

Since the program's inception in 2006, two (2) large tire piles containing over 20,000 have been cleaned up. Over 1,983 inspections for tire facilities and tire haulers have been conducted, with 29 notice of violations issued along with ten (10) referrals to Cal Recycle for legal action.

If TEA 21 is awarded to Stanislaus County it will enable our jurisdiction to conduct 298 inspections, spend 232 hours on surveillance, investigate reported violations and respond to complaints of tire dumps.

Total Awarded for County:\$170,000.00

Tehama County

Grantee: Tehama County

Amount Awarded: \$70,355.00

Grantee Contact: Mr Tim Potanovic

CalRecycle Grant manager: Phanessa Fong

Project Summary: The goal of our Waste Tire Program is to protect public health and the environment with regard to waste tires and facilities in Tehama County. TCEHD intends to use TEA 21 reimbursement grant funds for inspection, enforcement, outreach, training, and management in order to accomplish these objectives.

Total Awarded for County:\$70,355.00

Tuolumne County

Grantee: Tuolumne County

Amount Awarded: \$53,000.00

Grantee Contact: Mrs.Rachelle Williams

CalRecycle Grant manager: Phanessa Fong

Project Summary: Funds from this grant will be used to implement the Waste Tire Enforcement Program by completing inspections of the waste tire generators and haulers, preparing reports, performing WTMS and grant management duties, participating in trainings, providing education to the waste tire industry, and conducting surveillance and enforcement activities throughout Tuolumne County.

Total Awarded for County:\$53,000.00

Yolo County

Grantee: Yolo County

Amount Awarded: \$129,505.00

Grantee Contact: Ms. Jianmin Huang

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Waste Tire Grant funds will be used to conduct routine inspections at waste tire facilities and generators, and to prevent illegal transport, storage and disposal of waste tires. In addition, it will be used for reporting unregistered haulers to CalRecycle. Yolo County Env. Health will reach out to the community and industry via educational outreach materials and training, and promote sound waste tires management practices. YCEH will submit progress reports and a final report to CalRecycle. YCEH Waste Tires staff will attend the Waste Tire Conference, roundtable meetings and other mandatory and non-mandatory meetings and trainings.

Total Awarded for County:\$129,505.00

Yuba County

Grantee: Yuba County

Amount Awarded: \$107,700.00

Grantee Contact: Mr. William Davis

CalRecycle Grant manager: Phanessa Fong

Project Summary: Grant funds will be exclusively used for implementation of waste tire program in Yuba County and participating jurisdictions. Funds will be used for inspection, enforcement, surveillance and training activities.

Total Awarded for County:\$107,700.00

Grant Count: 47

Grand Total for Selected Counties: \$7,440,456.00
